

## GO GREEN

**Dear Restaurant Owner:**

Like many people these days, I am very concerned with issues of global warming, food, and the environment. It is important for me to patronize restaurants that are improving their environmental practices.

I'd like to see your restaurant become a **Certified Green Restaurant®**. I encourage you to contact the Green Restaurant Association at [outreach@dinegreen.com](mailto:outreach@dinegreen.com) or (617) 737-4422.

Sincerely,  
Your Customer
